

300,000 Miles

Whew! Some travel! And all for you! It would tire you to death to trapse around that much yourself, but writers and investigators for

The COUNTRY GENTLEMAN

cover that much ground every year. The distance of twelve times around the world, they go, to get the important farm facts, the broad national viewpoints that are presented each week in the pages of the one great national farm weekly.

In addition to the scores of men who are traveling for THE COUNTRY GENTLEMAN in the United States and Canada, John R. McMahon is in Europe to study the farming of the new nations born of the world war. There are lessons for the American farmer in the practices of the Russian, the Pole, the Bohemian, the Italian, the Dane, the Jugo-Slav, and all the rest. Also it will pay you to know how much food they are growing, for we must make up the deficit. Mr. McMahon's articles will be starting right soon. The way to insure getting all of them—and a year full of farm progress besides—is to subscribe today for THE COUNTRY GENTLEMAN. It costs only 1 Dollar for 52 big issues.

JUNGLE VAUDEVILLE

Oddity in Howe's Moving Picture Program Saturday Night.

Something of the flavor of Kipling's "Jungle Book" has been caught by a motion picture oddity which is a part of the silver jubilee anniversary program of Lyman H. Howe's Travel Festival, coming to The Bennington opera house on Saturday evening. The film presents a veritable circus performance in which all manner of strange animals and insects participate in laughably humorous fashion.

The new Lyman H. Howe program, which is said to be of unusual excellence and diversity, also includes a visit to the mammoth Bethlehem steel plants, an exciting tarpon fishing expedition off the coast of Florida, a hand-car excursion down the Andes in Peru, thrilling water sports and contests by nimble water nymphs in the wilds of Maine, visits with famous emotion picture stars, dangerous adventures in the Canadian Rockies, startling likenesses in clay of musical celebrities, a stroll through an exquisite floral paradise in South Carolina, animated cartoons and film novelties, and many other features.
